## LEAK-RESISTANT LUNCH BOX

### User's Manual

Thank you for purchasing Bentgo Kids Stainless Steel! We're proud to offer the first stainless steel bento-style lunchbox with leak-resistant technology. We designed this durable lunch solution to make packing healthy meals easier for the family and better for the environment.

#### Features

- Premium 18/8 grade stainless steel
- 3 portion-perfect, leak-resistant compartments
- Fridge and dishwasher safe
- Removable silicone container
- New and improved secure locking clips to seal in freshness
- Food-grade safe and eco-friendly materials
- No BPA, PVC, phthalates, lead, or vinyl

#### Using Your Bentgo Kids

1. Lift the locking clips on the front of the lunch box to open.
2. Add the removable silicone container if you need the 4th compartment.
3. Fill each compartment with your desired foods.
4. Close the lid, press down firmly, and secure the clips.

**TIP:** Butterfly hinge offers stop-point for child safety. To prevent jamming on little fingers, the lid will not close flush with bottom base without pressing down firmly.

#### Special Use & Care Instructions

- Wash before initial use.
- Hand wash or place on the top shelf of a dishwasher.
- Do NOT use harsh abrasives, scrubbing brushes, or chlorine bleach to clean.

#### Warnings

- To ensure mess-free opening and closing of your Bentgo Kids, do not overfill any of the compartments.
- Show small children how to carefully open and close the lid to avoid closing the lid on their fingers.
- Do NOT place the container in the microwave, oven, or freezer.
- Bentgo Kids Stainless is not designed for hot foods. Please allow food to cool before placing them into the container.
- Bentgo Kids Stainless is not insulated. Perishable foods should be kept cool with the use of a cold pack.

#### Product Warranty
